Dear Mr Mason,

I see from the Fenland Landscape Against Turbines (FLAT) web site that my name is included in a list of people who are considered by yourself and your group, FLAT, to be a landowner that has agreed to have wind turbines erected.

I do not own land on which turbines are proposed and therefore demand that you, as Chairman of the group FLAT, remove my name from this list immediately. I have also been misrepresented in the printed leaflets that you personally and FLAT have distributed widely in the locality.

If you continue to use my name in any of your publications, virtual or hard copy, I will take action against you Lyndon Mason and the members of Fenland Landscapes Against Turbines (FLAT).

Yours faithfully

Sue Askew
