Dear

WITHDRAWAL OF THE ADJUDICATION AGAINST FLAT

I am writing on behalf of the FLAT Committee to thank you for your letter of the 15th September 2008. We are very pleased that good sense has prevailed but it is a pity that a large amount of taxpayer's money will have been wasted in the investigation of this false complaint from Marshland Windfarm Ltd.

You may remember that in my original letter of the 22nd of April I said:- "**I am sure you are fully aware that the ASA are being "used" by the developers of proposed wind farms as a means of trying to discredit and silence local protest groups.** It is however a case of David fighting Goliath because most protest groups such as FLAT are made up of local concerned residents who also have busy "day jobs" whereas the developers have the resources to pay expensive professionals to try and silence us at every opportunity! This said, we will do our best to address your concerns and fight our corner at every opportunity using information that is factual and truthful".

After this latest development I rest my case!!

I trust an apology will appear on your website in the very near future.

Yours sincerely

Lyndon Mason
FLAT Chairman and local parishioner
